Trade Union Education and Training Programme *September 2009 – June 2010.*

A warm welcome to the Irish Congress of Trade Unions trade union education programme.

This year we are offering an expanded programme including a new suite of Equality courses.

As always, we welcome your feedback in relation to the programme and we are also interested in talking to you about course development.

You can get in touch with the ICTU Education and Training Officer on 028 90247940.

Teaching

ICTU courses are tutored by trade union tutors with many years experience in the trade union movement. Our courses are designed to encourage everyone to learn in a friendly, supportive environment. There are no tests or exams and tutors are on hand to help support everyone's learning.

Accreditation

Union Representatives attending trade union courses will gain Open College Network accreditation for units of qualifications that are held on the new Qualifications Credit Framework. The new Qualifications Credit Framework will eventually hold all national qualifications. These units of accreditation can be built up to gain awards, certificates and diplomas at various levels.

Below is a chart showing qualifications, their levels and the number of credits needed to gain the qualification.

For further advice on accreditation and qualifications, call the ICTU Education Officer on 028 9024 7940.

Notice Board

Interested in international issues? Want to know more about international trade union solidarity?

Congress is running a **Global Solidarity Champions training course** 5 Tuesdays from 3rd November – 1st December 2009.

In these times of worldwide recession international trade union solidarity is more important than ever. This is why Irish Congress of Trade Unions has started a Global Solidarity Champions training course.

The five day course helps you understand issues for trade unionists in the global south, some working under very hard conditions with extremely low pay, some of these even risking their lives for carrying a union card. But the course will also increase your knowledge about the strength of the international trade union movement and how solidarity contributes to the work for justice and equality in our world.

The main speakers come from the international trade union movement and progressive NGOs. At the first course we had trade unionist speakers from Colombia, Italy, Sweden and the Netherlands and introductions made by representatives of Irish Aid, Concern and Trocaire.

Time One day/week during five weeks. Starting 3rd November ends 1st December 2009.

The course starts at 10 am and ends at 4 pm (including a free lunch and coffee/tea breaks)

Venue Hotel Jurys Inn, Parnell Street, Dublin 1.
