

Why I became a

Union Learning Rep

Raymond Eastwood

USDAW

I have been a member of USDAW since the mid-90s' and became a ULR in 2016. I am keen to educate myself and promote learning to my work colleagues. Essential Skills courses help people grow in confidence.

I became a ULR because I strongly believe that my fellow workers should have the means and support from the union and employer to improve their education. This will enable them to go on to boost their careers.

Frank McCormick

UNITE

I became a ULR after listening to a recruitment talk from the RCM Project Manager. I feel that this is a great opportunity to promote the value of learning within midwifery and I look forward to fulfilling the role within my workplace.

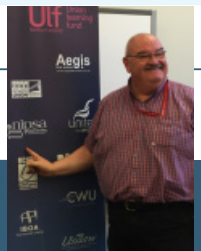

Pippa Warwick

Royal College of Midwives

I know the value of education and that's why I decided to become a ULR. I am enthusiastic to share the knowledge and experience which I have developed from my ULR training.

Brian Smyth

NIPSA

I decided to become a ULR after running a Union Learning Campaign in my store at which I saw the real demand for learning from the staff. I want to help my fellow workers return to learning and decided to become a ULR to facilitate this great opportunity.
